Vehicle Description

Supplied new on 13th March 1992 by Ferrari Frankfurt.

This example - Chassis Number 092521 was sourced and supplied by Elms Collection in 2009 to its only UK Owner, where it formed part of a major Ferrari collection. Since then, it has been serviced every year and without compromise on cost by Maranello Ferrari in Egham. The last being on 11th September 2017.

Fitted with Air Conditioning and Wind Up Windows.

All original books, tools and spare keys.

Although supplied new with the adjustable suspension, fixed suspension is now fitted but the original unit is supplied with the car if the new owner wishes to revert it back.

Stunning condition throughout and with only 11800 kms (7400 miles) this example will delight anyone who is serious about purchasing one of the icons of Ferraris 70 year history.

Note - when we supplied the car in 2009, it was fitted with its half worn original tyres which we have kept (of course no longer fitted) to further prove the authenticity of its low mileage.

Finance available subject to status.

International delivery available upon request.

Opening Hours: Mon - Sat 9am - 9pm | Sun 10am - 9pm
