Vehicle Description

Brilliant Silver with Black Soft Top

Black Leather and Carpets

Complete with original hardtop and stand.

One of my own collection.

I bought this in 2022, at the time I had a 1957 300SL and wanted the more modern model to match.

Has always lived in my heated storage unit on trickle charge, never fails to start and drive perfectly.

Note this is the 24 Valve Model so much more horsepower and torque than the standard model.

Blaupunkt Stereo

All Handbooks and Keys

Will be sold with a fresh MOT and service.

A bank vault quality built modern classic for the price of a six year old Ford Fiesta

Opening Hours: Mon - Sat 9am - 9pm | Sun 10am - 9pm
